

PENMETSA LAKSHMI NARASIMHA RAJU

Email ID: pnarsimharaju775@gmail.com

Mobile: +91-9966784775

CAREER OBJECTIVE

To secure an entry level position at an organization where I can leverage my strong academic foundation In computer science and my passion for technology, my programming skills, problem solving abilities and eagerness to learn to contribute to the development and innovation of software solutions.

EDUCATIONAL QUALIFICATIONS

Course	Institution	Board or University	Year of Passing	Percentage/CGPA
B. Tech	DRK Institute of Science and Technology	JNTU Hyderabad	2023	6.8
Intermediate	Sri Chaitanya Junior College	Board of Intermediate	2019	85%
SSC	Gowtham Model School	State Board	2017	78%

TECHNICAL SKILLS AND CERTIFICATION

Programming Languages	C, C++, Java Script, Python, and Django, Machine Learning, Deep learning techniques
Tools	Sales force administration intermediate
Databases	Oracle, My SQL, SQL Queries
Operating Systems	Microsoft Windows 10 and 11
Office Tools	Word, Excel, Power point
Others	Machine Learning, Deep Learning, Data Analyst, Data Science, Artificial Intellegence
Certification	Python for Data Science (provided by IBM)

PROJECT DETAILS

Project Type	Mini Project
Title	A Comparative Evolution of Traditional Machine Learning and Deep Learning Classification Techniques for Sentimental Analysis.
Description	Sentimental Analysis is an intelligible way to interpret the emotions from the textual information and it helps to determine whether that emotion is positive or negative .This Project outlines the data cleaning and data preparation process for sentimental analysis and presents experimental findings that demonstrates the comparative performance analysis of various classification Algorithms. In this context we have analyzed Machine learning Techniques such as Support Vector Machine and Multinomial Naive Bayes, Deep Learning Techniques such as Bi-Directional Encoder Representation from Transformers and Long short term Memory for Sentimental Analysis.

Technologies Used	Python, Django, Machine Learning, Deep Learning
Duration	4 Months
	Major Project
Title	An Analytical Survey for improving Authentication Levels in Cloud Computing.
Description	Cloud Computing is an on-demand network. Cloud computing is an excellent favorable and quickly developing technology. In this type of network, you can access your data at anytime, anywhere if you are an authentic user of Cloud Computing. To store data on cloud computing environment is safe. Authentication is a very important term in Cloud Computing for data security. This project is research on different authentication levels used in cloud computing according to the user requirements and forecasting the customer experience on authentication and reporting, whether which is suitable to use.
Technologies Used	Python, Django, Cloud Computing, Data Multi-Level Authentication
Duration	4 Months

PERSONAL DETAILS

Name	Penmetsa Lakshmi Narasimha Raju
Father's Name	Penmetsa Rama Krishnam Raju
Languages Known	English, Hindi, Telugu
Hobbies	Gaming, Travel, Music
Nationality	Indian
Address	Flat No. 501, Surya residency, Satyam Enclave East, Petbasheerabad, Near Harsha Hospital Kompally, Hyderabad, 500067

DECLARATION

I hereby declare that the above information mentioned is accurate and true to my knowledge.

Place: Hyderabad

Date:

P. Lakshmi Narasimha Raju
